Clearview Federal Credit Union and West-Aircomm Federal Credit Union hold Reality Fair to advance financial literacy

Moon Area High School students learn real-life economics for fourth consecutive year

Pittsburgh, PA, May 10, 2019.....*(clearviewfcu.org)* Clearview Federal Credit Union and West-Aircomm Federal Credit Union partnered together to plan and host the 2019 Moon Area High School Financial Reality Fair, which was held on April 26, 2019. Approximately 550 students from the junior and senior social studies classes participated in the Reality Fair.

At the beginning of the event, every student received a career, salary, estimated student loan payment, and checking and savings account balances to use during the event. Based on their salaries, savings, and loans, students were able to make selections centered around the varying costs for housing, transportation, entertainment, utilities, and other average monthly expenses. Students then calculated and determined if their choices were suitable compared to the salaries, savings, and loan amounts they had received.

A total of 35 credit union volunteers from Clearview Federal Credit Union, West-Aircomm Federal Credit Union, CHROME Federal Credit Union, and A&S Federal Credit Union were present to help make the event a success. These four organizations worked together to assist with financial counseling. Moon Area High School parents and other community members also volunteered at individual booths helping students select from budget choices such as housing, transportation, food, cell phone, TV and Internet, and clothing.

For the fourth year in a row, the Reality Fair has been a great opportunity for Clearview Federal Credit Union and West-Aircomm Federal Credit Union to promote and provide financial literacy in the community.

###

About Clearview Federal Credit Union

Clearview Federal Credit Union has been in operation since 1953 and serves over 103,000 members, with reported assets valued over \$1.2 billion as of April 2019.
